

Creating an account with Mosaic

If this is the first time you are using our new Mosaic portal, you will need to create a new account as accounts from our previous system do not carry over. **Please note that creating an account in Mosaic does not guarantee funding.**

Account creation requires a two-step authentication process which ensures that you receive any future notifications from our system.

1. Go to the Log-in page at <https://mosaic.versaic.com>
2. To create an account, click **“Create”** under Create an account.

If this is your first time using our system, please click on “Create” under “Create an account”. If you have any questions, please [Contact Us](#).

3. At the next screen, follow the instructions to enter your email address (it must be one that you personally have access to), which will serve as your username.
4. Check the **“I am not a robot”** box and click **“Create an Account.”**
5. You will receive an email from no-reply@versaic.com with instructions to complete your account creation. Upon successful account creation, you may log into your account.
